

## Experience the Internet the way it was meant to be.

- ▶ Service that's available everywhere... even in areas where cable and DSL don't reach.<sup>†</sup>
- ▶ Download large files in minutes, not hours.
- ▶ Instant Internet access with an always-on connection.
- ▶ No tied-up phone lines.
- ▶ No need to dial in or log on.

### With HughesNet,<sup>™</sup> you can choose from two convenient ways to pay.

- ▶ The upfront plan has an initial fee of \$599.98 and then just \$59.99 for Home service or \$69.99 for Professional service per month for 15 months.\* Enjoy all the benefits of broadband over satellite for not much more than the cost of a dial-up account and a second phone line.
- ▶ Prefer to spread out your payments? Choose the promotional plan which includes an initial fee of \$99.99 and then just \$99.99 for Home service or \$109.99 for Professional service per month for the first 15 months!\* After the 15th month, your monthly fee will revert back to the standard monthly rate (currently \$59.99 for Home or \$69.99 for Professional, per month).

\*Both options include equipment and a standard installation by a certified professional.

Broadband Unbound.<sup>®</sup>

<sup>†</sup> HughesNet is available anywhere in the contiguous US with a clear view of the southern sky, Alaska and Hawaii excluded. Service and hardware sold separately. Home networking equipment may be required and is not included with your HughesNet system. For network setup, support and configuration, contact your network hardware manufacturer and/or operating system software developer (HUGHES is not responsible for home network configuration and management.) All computers on this network will be sharing a single connection. Simultaneous use of high bandwidth applications by multiple users may result in degradation of speed and is subject to the HUGHES Fair Access Policy. Actual speeds may vary. Speed and uninterrupted use of service are not guaranteed. Monthly service and termination fees apply; 15-month commitment required. Visit [legal.HughesNet.com](http://legal.HughesNet.com) for details. Not intended for commercial locations. ©2006 Hughes Network Systems, LLC. HughesNet and Broadband Unbound are trademarks of Hughes Network Systems, LLC.

### The “always on” advantage.

Ever just want to check your email, but first you have to dial in... and wait, and log in... and wait? How does the word “instant” sound to you? HughesNet™ lets you just sit down at your home computer, click on your Web browser, and start surfing. You'll always enjoy a super-fast connection so you can download files quickly, and check email instantly. So say goodbye to busy signals, tied-up phone lines, and sluggish downloads and say hello to a better Internet experience with HughesNet.

### Accelerate life with HughesNet.

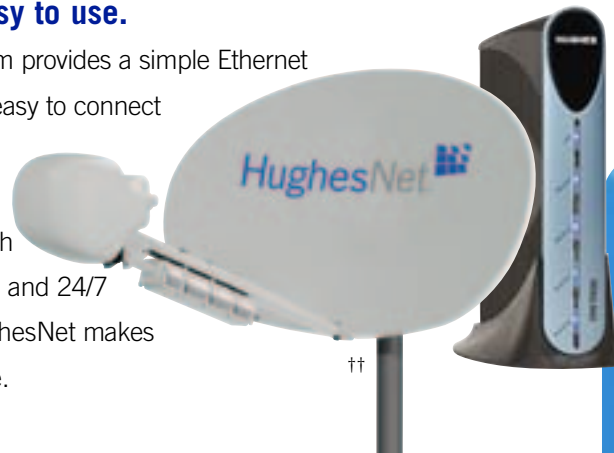

Do you want to access more Web content, get more done, and have more fun? Are you frustrated by slow dial-up connections? Do you have a clear view of the southern sky? Are you nodding your head yes? Then you're ready to experience all the Internet has to offer with HughesNet.

### Run your home business, faster.

If you are a professional running personal and business applications from home, HughesNet offers a Professional service plan designed for home-based business owners like you. The service supports up to two users at a time, and accommodates users who need to download large files from the Internet.

### Easy to set up. Easy to use.

The HughesNet modem provides a simple Ethernet connection, making it easy to connect your computer or your existing home network to the Internet. And with professional installation and 24/7 technical support, HughesNet makes getting started a breeze.
